

# Empowering Civil Society Organizations for the Protection of Migrant Children (ECPMC) Project

## An Initiative Supporting the Registration of Migrant Children in Thailand

This project is funded by  
the European Union

# Enabling Laws and Support to CRVS Regional Action Framework

- Thailand is a state party to the UN Convention on the Rights of the Child (UN CRC)

“...every child shall be registered immediately after birth and have the right...to acquire a nationality”

- Amendment No. 2, B.E. 2551 ( Civil Registration Act of 2008)  
“Every child born in Thailand must be registered at birth and get birth certificate”

- Directly Supports the CRVS Regional Action Framework

Goal 1: Universal civil registration of births, deaths and other vital events;

Goal 2: All individuals are provided with legal documentation of civil registration of Births...to claim identity, civil status and ensuing rights;

This project is funded by  
the European Union

# About ECPMC Project

## Specific Objectives (SO)

## Specific Objectives Indicators

## Overall Objective indicators

SO1: Thai CSOs are equipped to **effectively advocate for improved access of disadvantaged and excluded populations to quality mainstream social services** from local to national level.

1.1: % of CSO committee members actively involved in discussions on CRA 2008, CRVS, and/or other relevant policy issues on migrants with either LAs or national level government stakeholders.

**Indicator 1: % increase in the number of recorded births registered at District Office in target area(s)**

SO2: Thai CSOs and CBO capacity in increasing governance, **public accountability** and transparency on the implementation of **relevant government policies related to migrant rights, are strengthened** (including the provision and ability to deliver those rights already enshrined in law).

2.1: # of local authority officers partnering with CSOs to implement identified actions to support implementation of the CRA 2008, CRVS, and /or other relevant migrant policies

**Indicator 2: % of total number of local health centers or schools with active 'Agreements of Cooperation'** between themselves and Thai CSOs, agreeing to allow access for migrant children

SO3: **CBOs are empowered by Thai CSOs to become the voice of the community advocating for migrant rights especially for children's birth registration (BR) and right to basic social services.**

3.1: # of CBOs facilitating constructive engagement between village level LAs, CSOs, and migrant communities

# Key Challenges on Access to BR Services

(Sources: Baseline Survey Result, Key Stakeholders Assessment, Primary and Secondary Data)

- Lack of awareness about the civil registration process and the subsequent rights entitled to one's child through registration
- Misunderstanding by migrant parents on the **Birth Notification** as the **Birth Registration Document**
- Language barrier – BR documents and processes and procedures are in Thai language
- Illegally working migrants are reluctant to carry out the registration process for fear of having contact with Thai authorities
