

Project to strengthen national capacity in producing and disseminating vital statistics from civil registration records in Asia and the Pacific

**2nd TRAINING WORKSHOP
Bangkok, Thailand, 6-10 March 2017**

**Guide questions for the vital statistics report (VSR) progress reporting
[Session 2]**

1. What data set will you use for the VS Report? What year/s will the report cover?
2. What are the challenges in preparing/securing a copy of the data set?
3. How many statistical tables will you generate for the report on Births? Deaths?
4. How many chapters do you plan to include in the VSR?
5. What are these chapters? For each chapter, specify the extent of the work done. For example, number of analytical tables generated, number of tables with completed draft analysis
6. What are the challenges and issues in preparing the analysis of the report?
7. What questions on cause of death are included in the death certificate?
8. Which agency is responsible for publishing the VS Report in your country?
9. What is the procedure for publishing the report in your country? What is the estimated time to publish the report?
10. What type of assistance do you perceive is needed from experts to complete the report? Sustain the annual publication of the VS Report?
